"SPIRITUAL MOBILIZATION!"

There is a great game going on just now in Japan which seemingly demands of its organisers a considerable amount of moral turpitude of which there is no dearth in that particularly unblest part of the universe. This game is euphoniously termed the Spiritual Mobilization Scheme, and if Japan would conscientiously apply the desiderata of this very noble moral programme to itself then this hideous undeclared war would terminate almost immediately. But this latest venture of Japan's ruthless leaders merely affords yet another miserable example of the prostitution of good in the cause of evil.

It was about a month ago when the Government of Japan convened a meeting of all the spiritual leaders of that nation for the purpose, so it was most politely and inaccurately announced, of marshalling all the moral forces in this campaign of "chastisement" against the inoffensive and peace-desiring Chinese. Actually the purpose of that meeting was to let the spiritual leaders know in no uncertain manner that they were to be recruited, forcibly if necessary, as part and parcel of the propaganda machine which functions for the negation of Truth.

Since that incontinent meeting at which, of course, there was unanimity with the Government in its characteristically nefarious scheme, the so-called spiritual leaders have been devising ways and means for implementing the policy as commanded by their masters. The result of their labours has just been disclosed in a memorandum wherein are itemised the objectives as fixed by the Japanese Government for this nation-wide scheme of moral regeneration.

We commend the genuine sentiment of the objectives to everyone, particularly the leaders of Japan. To any nation imbued with a sense of honour unto itself and an appreciation of its responsibility to other nations in the worthy matter of furthering the common happiness of mankind, then this programme of spiritual mobilization could sweep the universe with the glowing power of a dynamic evangel to great and good purpose. But, twisted to serve the ignoble designs of the military terrorists of Japan, this scheme becomes a shameless travesty on morality.

Such moving exhortations as, "Cultivation of the spirit of perseverance," "Training of mind and body so as to stand sufferings and privations" and "Promotion of faithfulness in the discharge of one's duties," are liberally sprinkled over this touching memorandum. But the one that appeals to us most of all is this, "Cultivation of the spirit of mutual aid among neighbours." Coming from the masters of Japan that is certainly rich; over-proof in fact. We most earnestly commend to the people of Japan the cultivation of that precept to the exclusion of all the rest, though all of them are pretty good. However, that one about neighbourliness is very well worth while, and Konoyo & Company Unlimited should start at once to take lessons so that they may be equipped to teach the people. At present it seems to us that their ignorance in regard to the first principles of decent conduct towards neighbours is abysmal.

Almost last on the very long list of "what to do" is a piece of advice which we ourselves have received on many, many occasions—notably during those trying days of adolescence when we were being reared on porridge and the Shorter Catechism. It is thus given in the Japanese memorandum on spiritual regeneration:—"Frugal use of money."

Desirable as is the practicing of that principle personally, it is generally acknowledged that it is even more than desirable nationally. Perhaps Japan's militaristic rulers could not refrain from the merest sensation of a smile—a sort of contortion of the features—when they "framed" this particular part of the spiritual ultimatum to the over-taxed masses. "Frugal use of money"—and in the face of that they indulge in an orgy of extravagance sufficient to make a prodigal maniac wince or blush or both.

It is generally estimated that already the murderous and strategically futile raids on Canton must have cost the Japanese at least \$2,000,000 yet they have the characteristically cool and contemptible insolence to demand of their masses, millions of whom are slaving below the rice-line level, to exercise frugality whilst they add to the mounting misery of their fellow citizens by augmenting still further the already overpowering national debt to satisfy their gluttonous policy of unprofitable territorial aggrandisement.

From the leaders of any other nation, this spiritual mobilization would seem good and right and proper. Coming as it does from the leaders of Japan it is nothing short of blasphemy.

LEAGUE GRANT TO CHINA

To Be Materially Increased?

Geneva, Oct. 3.
A proposal to materially increase the credits usually granted annually for technical co-operation with China in order to combat epidemics was referred by the Assembly to the Fourth Financial Committee.

Earlier the Committee unofficially discussed the question and decided, in principle, in favour of increasing the credit.—REUTER.

CANADA WANTS ACTION

Japan—The Aggressor

Toronto, Oct. 3.
The National Council of the Canadian League for Peace and Democracy has sent a message to Mr. Mackenzie King, president of the League Nations Council, urging immediate action against Japan as an aggressor. The Canadian League is also advocating a boycott of Japanese goods.—REUTER.

MASS MEETING PROTEST

New York, Oct. 2.

Demands were made for official and unofficial boycott of Japanese products all over the United States. Speakers at the meeting included the film actress Luise Rainer, star of the M.G.M. production "The Good Earth." Miss Rainer recalled her stay in China during the making of the film and said, "As an artist and as an individual I protest against what is happening there."—REUTER.

STOP PRESS

Peiping, October 3.
British and other foreigners who had been looking forward to the resumption of pony racing at Paomachang, two miles outside the west wall of Peiping yesterday afternoon, when the meeting, the first since the Lukuochiao incident, was called off at the last minute owing to a report that Chinese bandits were approaching from the western hills.

However, a few owners held impromptu races in defiance of danger. Japanese aircraft were observed flying over the area where the presence of the bandits were reported, and the British Consul has posted notices on the gates of the city, warning Britons not to visit the western environs of Peiping for the next few days in consequence of the approach of the bandits.—REUTER.

Peiping: Following their advance into Shantung, the Japanese troops clashed yesterday morning with the Chinese troops entrenched three miles north of Tachow and fighting continued all day long. Up to the present only a handful of Japanese have penetrated into Shantung, for the purpose of testing the strength of the Chinese in that sector.

Recent reports estimated that there are about 80,000 Central Government troops in that province.—REUTER.

PLOT AGAINST GOVERNMENT

Rio de Janeiro, Oct. 3.
The Government was issued a proclamation for war for ninety days, it is reported owing to the discovery of a serious communist plot to overthrow the Government. Official circles state that if the proclamation was declared with one minute's delay, there would have been a loss of hundreds of lives and the situation would have been very serious.—REUTER.

GOVERNMENT'S FIRM STAND

General Relief In Jerusalem

Jerusalem, Oct. 3.
The Government's action on the whole has given rise to a general feeling of relief though some circles point gloomily to the possibility of serious repercussions in Palestine and the neighbouring countries. Among the Arabs no definite reaction is yet noticeable. They appear to be stunned by the authorities' unexpected measures.

Jaffa: A General Arab strike is threatened in Jaffa to-day. Feelings were running high here yesterday but no incidents occurred.—REUTER.

TRIUMPH FOR GERMAN CARS

Donnington Motor Race Results

Donnington, Oct. 3.
The 250 miles motor racing grand prix was a triumph for giant German cars, all five finishers of the fifteen starters being German. The race provided hair-breadth escapes on a narrow winding course with the cars reaching speeds of ninety miles an hour, resolved itself into a duel between Mercedes and Autounions. The winner, Rosemeyer, was on an Autounion and averaged 82.88 miles an hour. The second driver, von Brauchitsch used a Mercedes (82.57) and the third, Rodol Caracciola also a Mercedes (82.28). Muller on an Autounion (81.16) was fourth and Hasse (Autounion) fifth. Autounions won the team prize. The Germans averaged more than fourteen miles an hour faster than the previous fastest race in Donnington.—REUTER.

COMMITTEE STUDIES SUMMARY OF SINO-JAPANESE CRISIS

Geneva, Oct. 3.
The Sub-committee of thirteen has adjourned till 11.45 p.m. after three sessions totalling seven hours. They studied, paragraph by paragraph, the seven-page historical summary prepared for them by the Secretariat, containing material from both Chinese and Japanese sources, endeavouring to present on the one hand the facts of

the case and on the other hand what each side has said concerning them.

At the close of the meeting the document was sent back to the secretariat for re-drafting. In addition to-morrow the chairman will prepare a shorter summary, of about one page, which members of the Committee can use as the basis of their report, or a resolution.

The next meeting of the Committee may take place to-day, but it is more likely to be held on Monday when the Committee have before it the revised summary of the Secretariat's historical summary and the chairman's shorter summary. It is on these two documents that it will have to make up its mind which is the best course to adopt.—REUTER.

ANGLO-FRENCH NOTE TO ITALY

Invitation To "Frank Talks"

Rome, October 3.
Any action to be taken as a result of the Anglo-French Note, inviting Italy to a frank discussion of the Spanish situation, will have to be deferred until Signor Mussolini returns from his short vacation in his country estate, Count Ciano, the Italian Foreign Minister informed the British Ambassador and French Charge d'Affaires yesterday when they presented the Note at the Foreign Office.

Political circles, while of the opinion that Italy will accept the invitation, feel that there is very little prospect for any change in the European situation, as a direct result of such talks. They express the view that the situation is, to a certain extent, more dependent upon the Rome-Berlin axis.

The attitude which Italy will probably adopt in the talks is envisaged by the "Popolo d'Italia" which states that all questions pertaining to non-intervention in Spain should be the concern of the London Non-Intervention Committee which was set up for this express purpose.

The "Tribuna" in a lengthy article on the situation, also expresses its conviction that the talks will not bring about any material change in the situation.—REUTER.

NOTE HANDED IN
Rome, Oct. 3.
An Anglo-French Note, inviting Italy to a frank discussion of the

Spanish question has been handed to Count Ciano by the British Ambassador and French Charge d'Affaires. Count Ciano stated he would reply after consulting Signor Mussolini who is at his country house in Roccadelle, Caminate.—REUTER.

WAIT AND SEE PLEA

WAIT AND SEE PLEA

London, Oct. 2.
"Great Britain should not dash in and join other nations in too great a hurry and try to compel these people to fall apart," declared Lord Hutchison, Chairman of the Liberal National Organisation, in an address to the Scottish Liberal National Association at Peebles, when alluding to the situation in the Far East.

"It is better," he said "to await the opportunity, which will come sooner than most people expect, when Great Britain will be able to offer to arbitrate."—REUTER.

"Let us at least take part in arousing the moral sense of the country and the world in passionate indignation."—REUTER.

HORROR IN LONDON

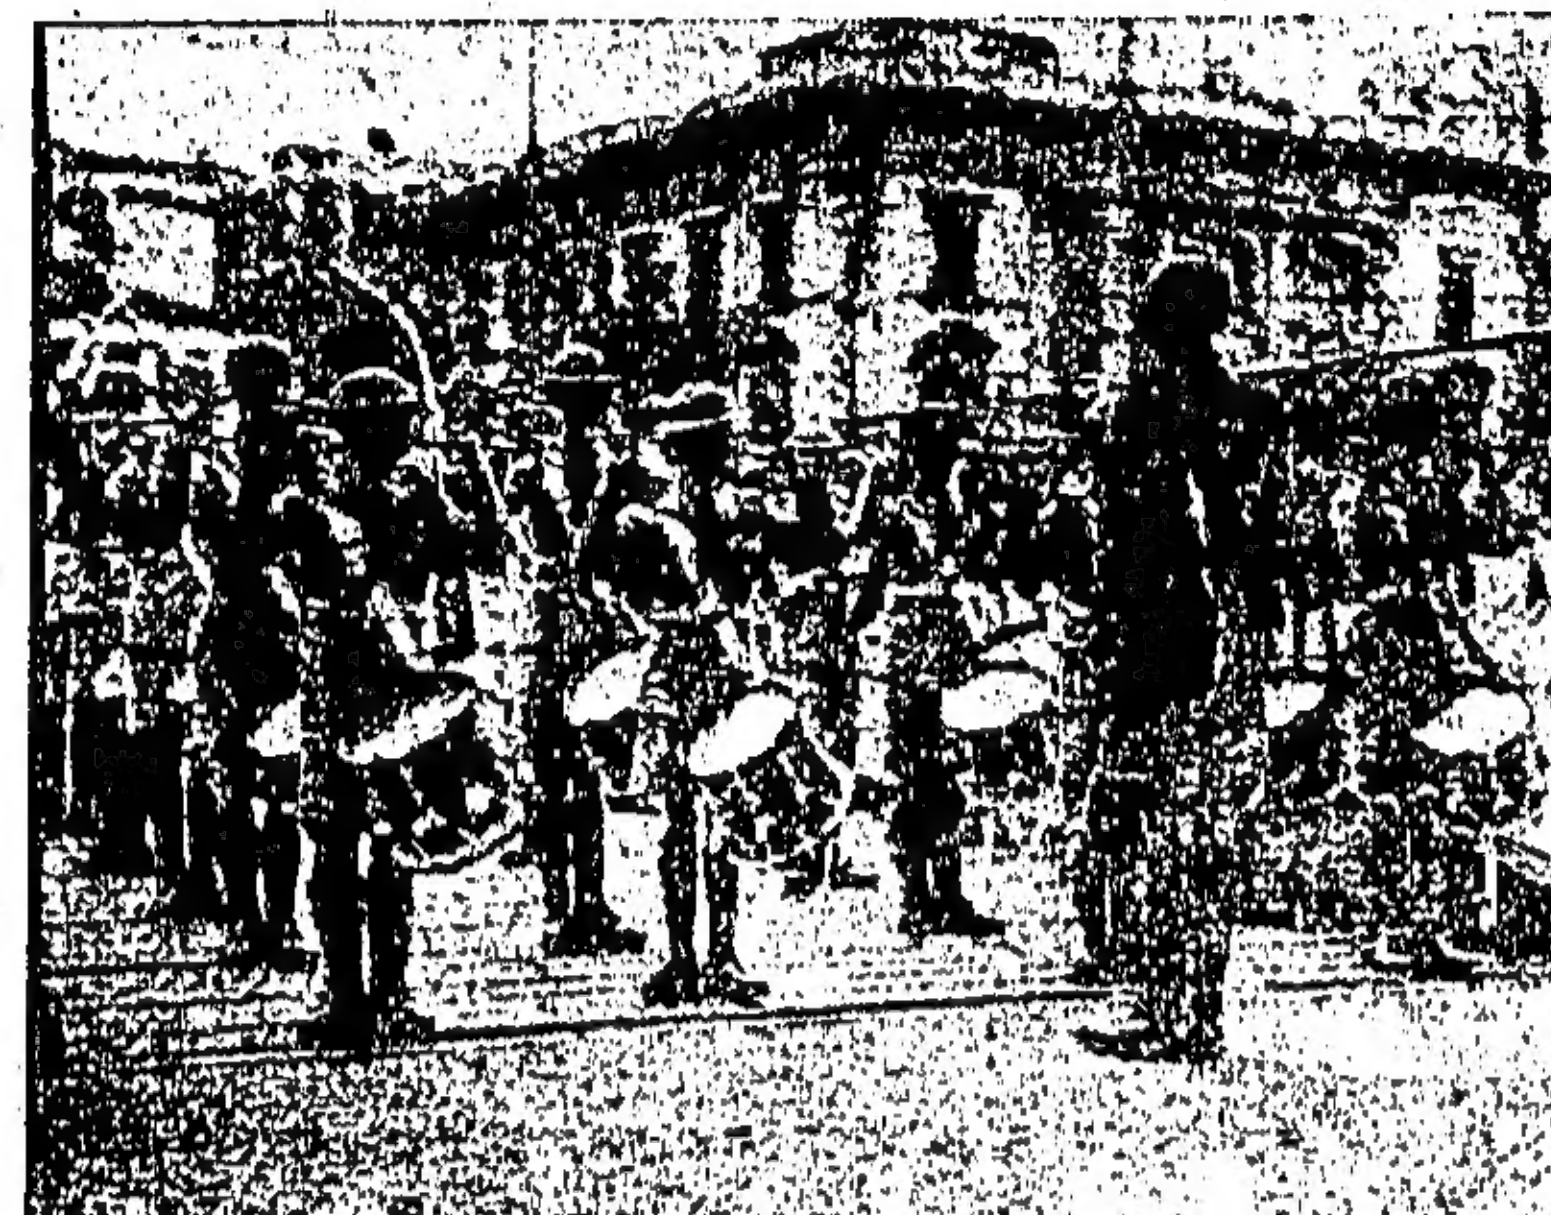

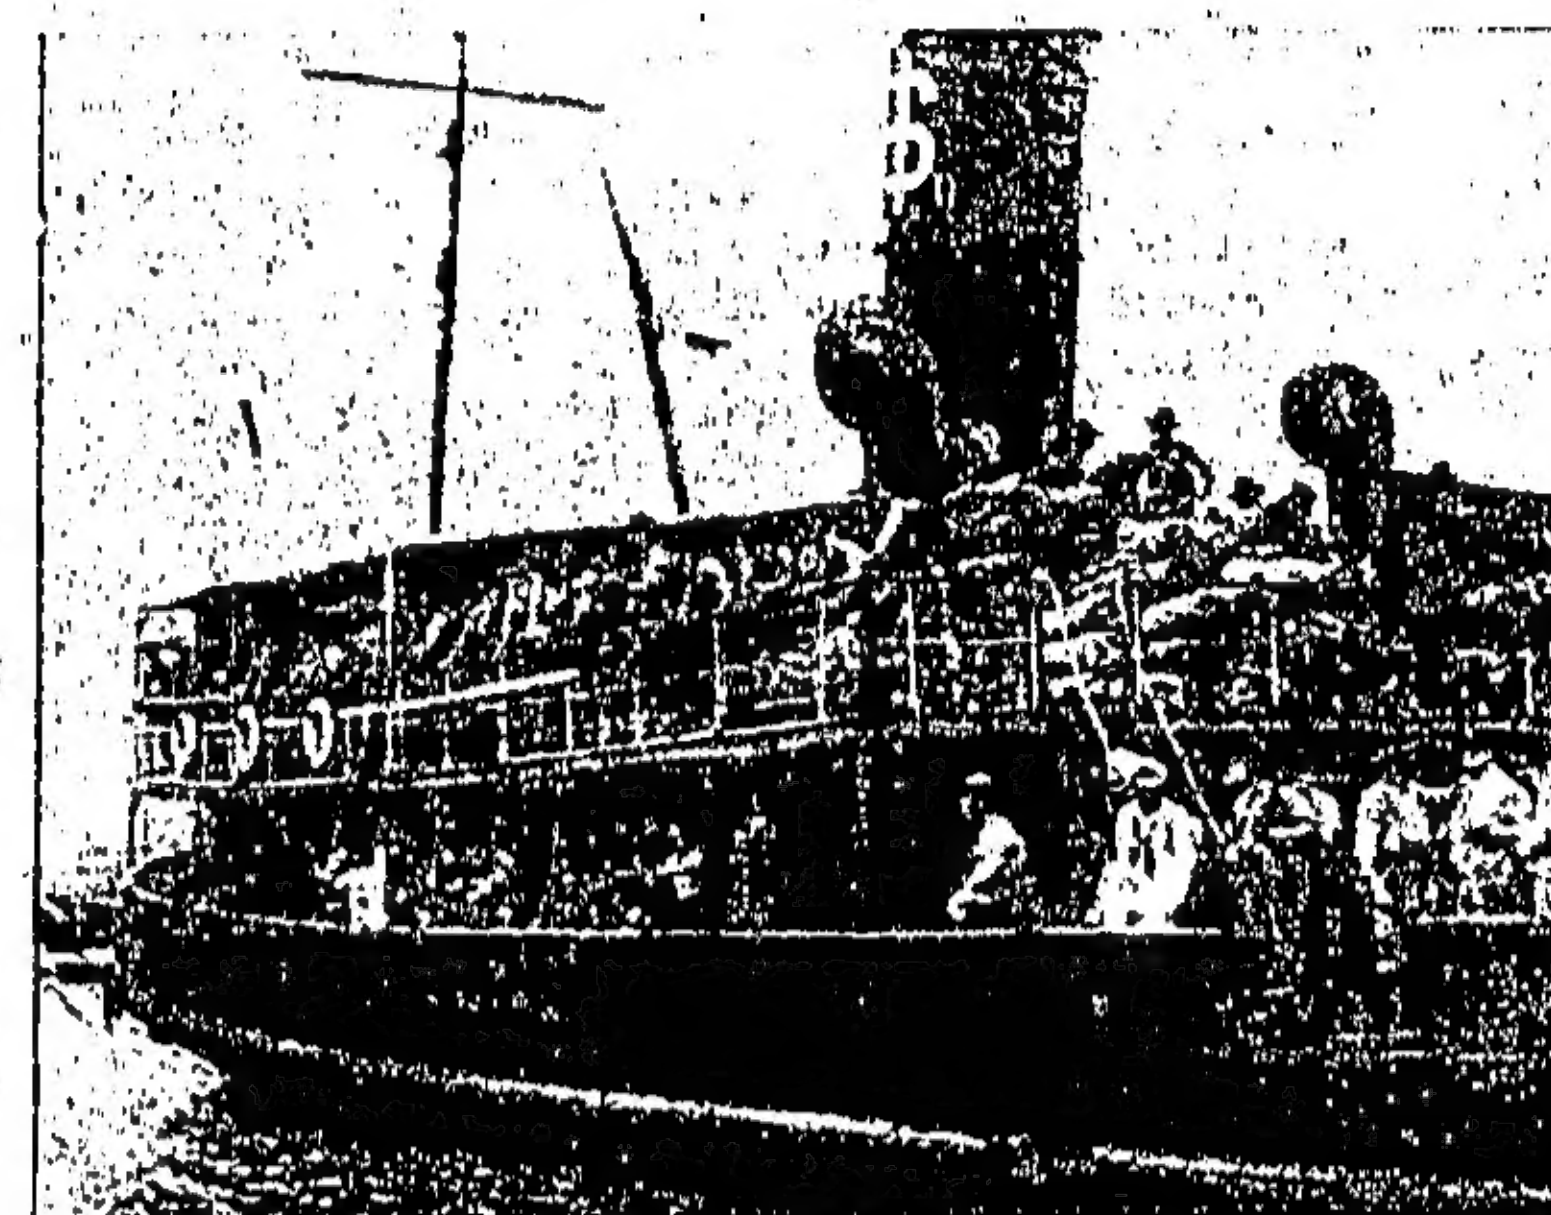

London, Oct. 2.
Mr. Herbert Morrison, on behalf of the London Labour Party, has sent a letter to the Japanese Ambassador, expressing horror at the attack on China, "particularly the inhuman bombardments of Chinese cities and the injury to and slaughter of innocent men, women and children."

"The Labour Party has the friendship of the peoples of all countries and we do not assume that the cruelty is undertaken as the wish of the Japanese workers. The responsibility is your Government's," continues the letter.

The letter requests the Ambassador to express the horror and indignation not only of the Labour Party in London, but also of the general body of London citizens. "Through you we urge the Japanese Government to refrain from further unjustified hostilities against the Chinese people."—REUTER.

JAPANESE PLANES BOMB YANGTSE

Chungking, Oct. 2: A fleet of Japanese planes yesterday afternoon subjected Kiangyin, important Yangtse river port mid-way between Shanghai and Nanking, to another aerial attack. Five bombs were dropped but the damage is reported to be slight.

Earlier in the day five planes scouted over Soochow, Hing, Kwangteh, Chuyung, Wuchin and other cities in Kiangsu province. No bombs, however, were dropped.—*Central News.*

BRITISH SOLDIER SEES HOW CHINESE TRIO OUTWITS JAPANESE

Shanghai, Oct. 2: An almost unbelievable story of how three Chinese soldiers behind sandbags on Paoshan Road in the Chapel sector have cleverly repulsed several attacks from Japanese marines during the past week was told by a British soldier on duty on North Honan Road to a Central News Agency war correspondent.

The post where the British soldiers are on guard is adjacent to the Chinese territory. From a strategic position he has commanded a grand-stand view of what had actually gone on "behind the lines" under the Chinese control.

According to the British soldier this trio had guarded the strategic sandbag unit for over a week. On several occasions when a Japanese column, usually numbering 100 marines, advanced on that particular sandbag, the British soldier saw two of the Chinese soldiers hang their tin hats to the third member while they, carrying machine-guns, disappeared from the scene. At this point, the British soldier confessed, he was "worried" about the lone defender, believing that the Chinese would certainly be outnumbered and killed when the Japanese reached the barricade.

The lone Chinese soldier would wear his own tin hat and place his comrades' on each of his hands. Then he would lift the hats just high enough to show above the sandbags. The Japanese, not knowing the exact number behind the sandbags and believing they had been spotted would get on their hands and knees, crawling towards their goal.

The British soldier declared that he held his breath as the Japanese moved closer. Then suddenly a hail of bullets rained on the crawling-Japanese from two directions, killing and injuring scores of the marines while the remaining fled for their lives.

It was later discovered that the two Chinese soldiers with their machine-guns headed for other outposts nearby and sprayed the Japanese from the side while their other member kept attracting the invaders.

The British soldier said he had witnessed several attacks like this in which the Chinese outwitted the Japanese.

He also disclosed that the British troops were on very friendly terms with the Chinese and "exchanged" beer for Chinese "yellow wine" across the barbed-wire entanglements separating the Settlement from the Chinese territory in that area.—*Central News.*

CRICKET LEAGUE FOR THE SCHOOLS

Meeting To Be Called In Near Future

BY "L.B.W."

LOCAL CRICKETERS IN GENERAL AND SCHOOLBOYS IN PARTICULAR, WILL BE INTERESTED TO HEAR THAT THERE IS A MOVEMENT AFOOT TO ORGANISE A HONG KONG SCHOOLS' CRICKET LEAGUE. THE WELL-KNOWN FIRM OF SPORTS OUTFITTERS, MESSRS. MANAK & CO., HAVE GENEROUSLY PROMISED TO PUT UP A SHIELD FOR COMPETITION, AND WHEN ASKED WHETHER HE HAD ANY OBJECTIONS AGAINST THE FORMATION OF SUCH A COMPETITION, MR. W. KAY, THE ACTING DIRECTOR OF EDUCATION, INTIMATED THAT HE FELT THAT A SCHOOLS' CRICKET TOURNAMENT WOULD BE VERY DESIRABLE. THE DIFFERENT SCHOOLS ARE BEING INVITED TO ATTEND A MEETING, TO BE CALLED VERY SHORTLY, TO DISCUSS THE DESIRABILITY OR OTHERWISE OF RUNNING SUCH A COMPETITION.

Personally, I think that it would be a step in the right direction for these inter-school league matches would give the boys what is commonly described as "match experience" and it is getting to be more and more apparent that while it was not so much the case in former years, the different clubs in Hong Kong are now looking to the schools as nurseries.

As far as I have been able to ascertain, cricket is played at the following schools: Queen's College, Central British School, Diocesan Boys' School, Ellis Kadoorie Indian School, La Salle College and St. Joseph's College. Of these Queen's College and Diocesan Boys' School have provided the Colony with a number of its leading cricketers and in passing it would be interesting to note that most of the Indian Recreation Club team (First Division) last year were old Queen's College boys, and when it is remembered that the I.R.C. tied for first place with the Hong Kong Cricket Club, it will be realised that in Queen's College that Indian Recreation Club have an excellent "nursery."

QUESTION OF GROUNDS
One of the most important questions to be discussed in connection with the formation of a school cricket league is whether there will be the required number of grounds. In this connection I do not think the different clubs will fail to lend their encouragement and support, and as the school games will in most cases be played on Wednesdays, no inconvenience will be caused. At present Queen's College and the Indian School have access to the I.R.C. ground while the D.B.S. have, in past years, always been given use of the Craigengower ground. They also have a ground of their own. St. Joseph's College and La Salle College invariably play on the Recreation Club, and as I feel the other clubs will not grudge the school boys one afternoon a week, there should be little difficulty with the question of grounds.

SHOULD MASTERS PLAY?
Should masters be allowed to take part in these matches? To my mind I do not think so. There are some schools that have more than one master who plays cricket while at others no member of the staff takes part in the games at all. It would, therefore, be unfair if one school played with two masters while the other side is made up entirely of boys. The masters, should, however, take a very active interest in these games—they can umpire.

These, however, are merely a few of my observations. The details will, undoubtedly be discussed at the meeting which, I have been informed, will be called within a few days. In the meantime let it be hoped that sufficient support will be forthcoming and that these league matches will be in full swing before very long.

CHOLERA IN SHANGHAI

SPANISH RESOLUTION DEFEATED

Portugal And Albania Oppose And South Africa Abstains

Geneva, October 3. The resolution on Spain was defeated when it came up for vote at the League Assembly yesterday. Portugal and Albania voted against the resolution while fourteen states, including South Africa, abstained from voting. The resolution was lost owing to the absence of unanimity required by the rules.—*Reuter.*

The delegates of South Africa, the Irish Free State, Hungary, Austria, Bolivia, Venezuela, Albania, Chile, Argentina, Uruguay, Switzerland and Portugal expressed the view that the resolution was not conducive to an improvement of the atmosphere surrounding the conflict in Spain. Exception was taken particularly to the paragraphs in the resolution recognising the presence of foreign Army corps in Spain, and stating that the non-intervention policy would be reconsidered if negotiations for the withdrawal of non-Spanish combatants were unsuccessful.

It will be recalled that a Reuter's message, published on Thursday in Geneva, stated that if the complete withdrawal of non-Spanish combatants in the Spanish Civil War cannot be obtained soon by diplomatic action initiated by certain Powers then members of the League will consider ending the policy of non-intervention, according to a resolution in regard to the Spanish appeal agreed to by the Drafting Committee. The resolution which the Assembly was expected to unanimously adopt regretted that the Non-Intervention Committee had failed and recognised that foreign army corps in Spain represented intervention in Spanish affairs. Del Vayo dropped a demand for reference to "aggression" and arms for the Spanish Government.

GOLD RUSH IN LONDON

Continent Nervous

London, Oct. 2.

Nervous about the outrage of today's French Cabinet meeting at Rambouillet, the Continent rushed to buy gold in London.

Offerings amounting to £715,000 were quite insufficient to meet the demand and buying orders were consequently rationed to about 80 per cent. within the next half hour, however, the authorities let buyers have the remaining 40 per cent. at the fixed rate of 140s. 6d.

The demand persisted throughout the morning and about £250,000 changed hands at 140s. 6d. The price now is 140s. 7d. which is 3 1/2 pence over the dollar parity.

After opening at 144.50 the franc quickly weakened to 149 at which the French authorities intervened, bringing about a small recovery. The franc then fell to 152 to the pound sterling, the authorities intervening spasmodically on a small scale.

The wideness of the movements of the rates was out of all proportion to the volume of business which was very small.—*Reuter.*

MOMENTOUS MEETING

Paris, Oct. 2.

A most momentous meeting of M. Camille Chautemps' Cabinet this morning discussed the defence of the franc. As far as can be gathered there will be no control of exchange but the Bank of France may be given greater authority over other banks. It seems the 40-hour week will be stretched to a five and a half day week.—*Reuter.*

FLYING BOAT SMASH

Imperial Airways regrets to announce that whilst their flying boat "Courtier" registration letters G-ADVC, was landing at Athens on the 1st instant in conditions of bad visibility, damage was sustained to the aircraft which resulted in the death of three of the nine passenger on board. The names of the dead are:—

Wing Commander Ackland, British; Mr. J. R. Henderson, American; Mr. Eleftherakis, Greek.

The remaining six passengers and the crew are safe.

"Courtier" was flying between Alexandria and Southampton, and although at the moment no details of the air mail on board at the time of the accident are available it is improbable that there was any from Hong Kong amongst the cargo. The service which left here on the 17th instant was scheduled to arrive London on the 28th instant, and that which left on the 24th instant was yesterday scheduled to be flying between Baghdad and Alexandria.

NORTH CHINA WAR NEWS

REUTER'S MAN'S ESCAPE

Shanghai, Oct. 2: A thrilling experience befell Mr. C. W. Olsen, a member of Reuter's staff, during the Chinese air raid last night.

Mr. Olsen was sleeping at his home in the Bubbling Well Road district when an anti-aircraft shell went through the roof and pierced a book three inches thick lying on a table four feet from his bed. It plunged through the floor and ended its career in the dining room below.

The shell did not explode, but the table was smashed and the contents littered the floor.

JAPANESE WITHDRAWAL FROM KIANGWAN CONFIRMED

Soochow, Oct. 2: A reliable report from the front received here to-day confirms the withdrawal of the Japanese forces from the south-eastern section of Kiangwan, particularly Chinchiahsiang, Tichiahsiang, Yushahsiang and Wuchiahsia.

It is also reported that the Japanese at Tanchiahsien in Chapel and Changchiahshiang near Shui Tien Road have also moved backward. These "latter places" have been re-occupied by Chinese forces.

THREE JAPANESE AVIATORS TAKEN PRISONERS

Soochow, Oct. 2: The Three Japanese aviators who were shot down in their plane near Kashing on Sept. 29 and who managed to escape have been caught by the railway guards. The three fliers were found hidden in a small tent about one mile from Wangtien near Kashing.

Central News.

FIERCE FIRES RAGE IN CHAPEI

Shanghai, Oct. 2: Three fires raged throughout the night along Paoshan Road in Chapel following the Japanese aerial bombardment late yesterday afternoon. As no attempts have been made to extinguish the fires the flames continued to eat their way through the already ruined buildings left remaining in that area.

Central News.

JAPANESE REPAIRING RAILWAY

Hankow, Oct. 2: To facilitate the transportation of military supplies and reinforcements, the Japanese have decided to repair the railway linking Chengteh, provincial capital of Jehol province, with Peiping. A thousand workmen have been engaged for Jehol to take charge of the work which is expected to be completed in two months.

Central News.

BIG FIRE IN TIENTSIN

Hankow, Oct. 2: According to reliable information received here, a huge fire broke out in a Japanese godown in Tientsin on the night of September 23 and totally damaged a huge stock petroleum stored in the building. Fanned by a strong wind the flames swept through the structure and was finally brought under control after ten hours. The Japanese authorities are investigating into the origin of the fire.

Central News.

VACATED BUILDINGS BOMBED

Shanghai, Oct. 2: In the course of routine bombing operations to-day the Japanese raided, among other places, the vacated buildings of the American-owned Southern Baptist Mission, north-west of Chapel, which has been hit and damaged several times since hostilities began.

The buildings are alleged to be occupied by Chinese troops.

The Loten-Liuhang highway, according to a Chinese spokesman, has been crossed and re-crossed by the contending forces.

In Tokyo, the War Office claims that the Japanese troops have driven a wedge into the Chinese positions in the Liuhong area, and asserts that 500,000 Chinese troops are massing round Shanghai to meet the Japanese advance.

The position in the Civic Centre area at Kiangwan is extremely obscure, with the Chinese claiming advances which the Japanese emphatically deny.

Reuter.

RUMOURED "PEACE TALKS"

Shanghai, Oct. 2: The statement given out to foreign newspaper correspondents by a Japanese spokesman to the effect that China had recently opened "peace negotiations" with Japan has brought forth a sharp denial from Mr. O. K. Yui, Mayor of the City Government of Greater Shanghai.

Mr. Yui branded the statement as "utter fabrications" with ulterior motives.

A high Chinese commander who has just returned from the front, told Mayor Yui to-day that the Japanese have been spreading rumours stating that they would be able to liquidate the hostilities in Shanghai before October 15. This rumour was circulated with the object of inducing the Chinese to voluntarily withdraw from their present positions.

When questioned as to the possibility of the Japanese carrying out such a plan, the commander laughed and wondered whether the Japanese meant October 15, 1938 or 1939. He stated that the Chinese lines are still intact.

Central News.

JAPANESE WITHDRAWAL FROM CIVIC CENTRE

Shanghai, Oct. 2: Information emanating from reliable quarters revealed that the Japanese withdrawal from the Civic Centre and Kiangwan sectors to Jukong Wharf, Woosung and Yangtzeppoo was decided upon at an emergency conference held on the night of September 30. All high Japanese commanders in the Shanghai area attended the meeting, including General Matsui and Admiral Hasegawa.

Further plans for the future were also reported to have been reached at the conference.

Central News.

MORE VILLAGES BOMBED

Shanghai, Oct. 2: Three Japanese planes scouted over the area west of Shanghai this afternoon and dropped seven bombs on Pungchen, killing three civilians and sinking three ferries. Later in the afternoon one lone bomber flew over Siccawel and strafed the villages south-west of French Concession boundary with machine-guns.

Central News.

CHINESE SEIZE JAPANESE FIELD PIECES

Nanking, Oct. 2: According to a telegram received here, to-day from General Han Fu-chu, Governor of Shantung province, the Chinese forces launching a counter-offensive along the Tientsin-Pukow line last night, seized 30 Japanese field pieces and a large quantity of military supplies at Huangyuan. The Chinese are reported to be moving slowly up the line.

Central News.

JAPANESE MOVING SUPPLIES

Shanghai, Oct. 2: Fearing further destruction by Chinese shells fired from the Pootung sector, the Japanese to-day started moving huge quantities of munitions and military supplies from the storehouses in the eastern district of Shanghai in the International Settlement to the Yufong Cotton and Spinning Mill in the Yangtszepoo district.

Central News.

JAPANESE RAIDERS REPULSED

Canton, Oct. 2: Chinese pursuit planes to-day successfully repulsed three attempted air raids over Canton by Japanese bombers.

When the first alarm was received here at 8.30 a.m., the Chinese machines took off for Bocca Tigra Forts where they intercepted three Japanese bombers from Tongkawan flying towards the direction of Canton. When the Japanese fliers saw the Chinese planes they released several bombs on Pasha and turned tail.

The second attempted air raid occurred at 1.40 p.m. when Chinese planes repulsed four Japanese machines over Whampoa.

During the third raid at 3.20 p.m. two Japanese planes staged an aerial combat over Shihmen with the Chinese pursuit machines but were finally driven away.

Further reports received here revealed that 11 Japanese bombers late in the afternoon scouted over Chekwan in Paoan district, not far from Hong Kong and strafed a number of villages with machine-gun bullets.

Central News.

CHINESE REPULSE JAPANESE ATTACK

Shanghai, Oct. 2: A Chinese mechanised unit, swinging into action for the first time, repulsed a Japanese tank attack in Chapel early this morning.

The Japanese tanks, closely followed by several hundred troops late last night, moved slowly into the Chinese territory from Chungchou Road and Jukong Road in an attempt to rout the Chinese holding East Paoshing Road.

Upon seeing the "iron wall" the Chinese immediately dispatched a number of tanks and armoured cars to meet the attackers and a fierce duel between the tanks ensued. The fighting raged through the night as the opposing tanks fought hard to drive each other out.

With fresh reinforcements from the rear, the Chinese used anti-tank guns, driving back the Japanese machines early this morning.

It is claimed that during the fighting 120 Japanese were killed on East Paoshing Road and 90 on Jukong Road, including four officers.

Precise details of the transfer are not yet known, but it is thought that the families of the Middlesex Regiment will be brought to Hong Kong shortly, by the next troopship, and that the families of the men of the Royal Welch Fusiliers will leave for England in the same ship on her return trip.

Meanwhile an outbreak of whooping cough has affected several of the Royal Welch families, and they will not be able to sail if it has not cleared up.
